El «Índice Temático» ofrece la posibilidad de encontrar los artículos publicados en la Revista PM que hacen referencia a cada una de las «palabras-clave» aquí descritas: aborto, abuelo, actitudes, etc.

Con ellos podrá cumplimentar programas para sus sesiones de trabajo en la EP.

* Por ejemplo, la palabra «abuelo» nos dará el índice de los siguientes artículos:

- 56FAM: nº 56-57 de la Revista PM, en la sección Familiares = "Y el Abuelo se murió"
- 87TM: nº 87 de la Revista en la sección Tema del Mes = "La tercera Edad"

* Por tanto, es necesario fijarse primero en la sección, cuyas siglas aparecen descritas en el cuadro adjunto (ID, UP, etc.) y después en el Nº de la revista. A continuación, consulte el «Índice Analítico» de esta revista 200 y encontrará el título del artículo correspondiente.

* Las «palabras-clave» están seleccionadas en función de algunos temas usuales en una Escuela de Padres, pero constituyen solamente una referencia limitada.

* Caso de no disponer de las Revistas PM que contienen esos artículos, puede solicitar del Servicio de Publicaciones PM (Fonseca 8, 15004 A Coruña) la fotocopia de esas páginas.
